Item 4: Services, Fees & Compensation

We offer wrap fee programs as described in this Wrap Fee Program Brochure. Our wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

A wrap fee program allows our clients to pay a specified fee for investment advisory services and the execution of transactions. The advisory services may include portfolio management and/or advice concerning selection of other advisers, and the fee is not based directly upon transactions in your account. Your fee is bundled with our costs for executing transactions in your account(s). This results in a higher advisory fee to you. We do not charge our clients higher advisory fees based on their trading activity, but you should be aware that we may have an incentive to limit our trading activities in your account(s) because we are charged for executed trades. By participating in a wrap fee program, you may end up paying more or less than you would through a non-wrap fee program where a lower advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

Our Wrap Advisory Services

Wrap Asset Management:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals, and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

We may utilize Independent Money Managers, where we may design an investment portfolio and provide ongoing corresponding asset management services on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

We pay compensation to Independent Managers for services rendered by these firms to clients and our firm. This compensation, is typically equal to a percentage of the overall investment advisory fee charged by our firm or an agreed upon fixed fee. The advisory fee paid to Independent Managers shall be negotiable in certain circumstances, but shall never exceed the overall amount in our published fee statement. We usually pay twenty-five (25) to fifty-percent (50%) of the overall advisory fee to Independent Managers for their services.

We offer our services to our clients for an annual maximum advisory fee of 3.00%, which shall be pro-rated and paid quarterly in advance based on the value of your account on the last day of the previous quarter. The ultimate fee we charge you will be based on the scope and complexity of the engagement and will be listed under Schedule A of the client agreement. Fees will be automatically deducted from your managed account. LPL will make adjustments for deposits and withdrawals in client accounts. As part of this process, you understand and acknowledge the following:

- a) LPL Financial as the custodian sends statements at least quarterly to Clients showing all disbursements for their account, including the amount of the advisory fees paid to our firm;
- b) The Client has provided authorization permitting fees to be directly paid by these terms;
- c) LPL Financial calculates the advisory fees and deducts them from the Client's account.

Other Fees:

You may pay custodial fees, charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions. These fees are not included within the wrap-fee you are charged by our firm.

We do not recommend or offer the wrap program services of other providers. Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. In cases where our investment advisory representatives are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in a wrap fee program rather than a non-wrap fee program (where you would pay for trade execution costs) or brokerage account where commissions are charged. This is because, in some cases, we may stand to earn more compensation from advisory fees paid to us through a wrap fee program arrangement if your account is not actively traded. In order to mitigate this conflict of interest, our firm's Investment Adviser Representatives will only recommend the wrap fee program to clients who will benefit from a bundled fee option. The firm's Chief Compliance Officer will conduct an annual suitability review of the wrap program to ensure that the wrap fee program and its fees are still suitable for the client.

Item 5: Account Requirements & Types of Clients

We impose the following requirement(s) to open or maintain an account:

- We require a minimum household balance of \$100,000 for our Wrap Asset Management service. This minimum household balance requirement is negotiable depending on the client's extenuating circumstance.

Types of clients we typically manage wrap fee accounts on behalf of, include:

- Individuals and High Net-Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Corporations, Limited Liability Companies and/or Other Business Types.

Item 6: Portfolio Manager Selection & Evaluation

All accounts are managed either by our in-house professionals or by independent money managers. Our firm selects and reviews independent money managers based on the following factors:

- past performance;
- investment philosophy;
- market outlook;
- experience of portfolio managers and executive team;

- disciplinary, legal and regulatory histories of the firm and its associates; and
- whether established compliance procedures are in place to address at a minimum, insider trading, conflicts of interest, anti-money laundering.

We do not calculate independent money manager performance. Instead, we rely upon the performance figures based on client's monthly or quarterly statements or reports provided to us by the independent money managers.

You should be aware that our firm cannot actively monitor independent money managers' conflicts of interest, daily trading activity and other operational issues.

Advisory Business:

See Item 4 for information about our wrap fee advisory program. We offer individualized investment advice to clients utilizing our Wrap Asset Management service.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Wrap Asset Management service. We do not manage assets through our other service.

Participation in Wrap Fee Programs:

Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts.

Performance-Based Fees & Side-By-Side Management:

We do not charge performance fees to our clients.

Methods of Analysis, Investment Strategies & Risk of Loss:

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

- Charting;
- Fundamental Analysis ;
- Technical Analysis;
- Cyclical Analysis.

We use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

- Long-term purchases;
- Short-term purchases;
- Trading;
- Short sales;
- Margin transactions;

- Option writing.

Please Note: Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

Voting Client Securities:

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 7: Client Information Provided to Portfolio Manager(s)

We are required to describe the information about you that we communicate to your portfolio manager(s), and how often or under what circumstances we provide updated information. Our firm communicates with your portfolio manager(s) on a regular basis as needed (daily, weekly, monthly, etc) to ensure your most current investment goals and objectives are understood by your portfolio manager(s). In most cases, we will communicate such information as part of our regular investment management duties. Nevertheless, we will also communicate information to your portfolio manager(s) when you ask us to, when market or economic conditions make it prudent to do so, etc.

Item 8: Client Contact with Portfolio Manager(s)

Clients are always free to directly contact their portfolio manager(s) with any questions or concerns they have about their portfolios or other matters.

Item 9: Additional Information

Disciplinary Information

We have determined that our firm and management have no disciplinary information to disclose.

Financial Industry Activities & Affiliations

We have the following financial industry activities and affiliations to disclose:

Representatives of our firm are registered representatives of LPL, member FINRA/SIPC, and licensed insurance agents/brokers. They may offer products and receive normal and customary commissions as a result of these transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation they may earn.

Representatives of our firm are Certified Public Accountants. In such capacity, they may also provide income tax preparation or accounting services. These services are independent of our financial planning and investment advisory services and are governed under a separate engagement agreement. Our firm does not actively solicit clients to utilize these services.

Representatives of our firm are licensed real estate agents. As a result, they may receive customary fees associated with real estate transactions. These services are independent of our advisory services and are governed under a separate engagement agreement. Clients are under no obligation to utilize this service and will not be actively solicited.

Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

An investment adviser is considered a fiduciary and our firm has a fiduciary duty to all clients. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. If a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts¹. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest. Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics. Further, our related persons will refrain from buying or selling the same securities prior to buying or selling for our clients in the same day. If related persons' accounts are included in a block trade, our related persons accounts will be traded in the same manner every time.

Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics.

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Review of Accounts

We review accounts on at least a quarterly basis for our clients subscribing to our Wrap Asset Management service. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients who subscribe to our Wrap Asset Management service.

Client Referrals & Other Compensation

We may receive from LPL or a mutual fund company, without cost and/or at a discount support services and/or products, to assist us to better monitor and service client accounts maintained at such institutions. Included within the support services we may receive investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by us to assist us in our investment advisory business operations.

Our clients do not pay more for investment transactions effected and/or assets maintained at LPL as result of this arrangement. There is no commitment made by us to LPL or any other institution as a result of the above arrangement.

Our firm does not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940.

Financial Information

We are not required to provide financial information in this Brochure because:

- We do not require the prepayment of more than \$1,200 in fees and six or more months in advance.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.

We have never been the subject of a bankruptcy proceeding.
